RIVERSIDE MUNICIPAL MUSEUM

How well do you know your museum? Give this quiz a try!
Use the Museum's exhibits to find your answers!

Look for this skull in the paleontology gallery.

Is there an animal that is alive today that reminds you of this Ice Age animal?

Look around the main lobby of the Museum. Which object is the most important? Why?

Find the Edmund Jaeger Cabin. Turn to a member of your group and discuss why Dr. Jaeger lived in a cabin like this.

Locate the Anthropology gallery. The items on exhibit represent objects in the Museum's collections. Turn to a member of your group and discuss why the Museum collects and displays objects such as this.

Find the Earth Sciences gallery. What fault zone is located closest to your home?

Locate the Frank Miller exhibit. This exhibit showcases the life of Frank Miller, founder of the Mission Inn. If the Museum created an exhibit about you, what objects or ideas would you want in your exhibit?
